

Sato JHS is an amazing place to be .  
The entire staff, and the teachers are  
So encouraging and the Academic program  
is great.

The atmosphere from this school, from  
teachers to students and to the challenging  
curriculum integrates compassion into the  
values taught and also builds leaders  
through each of their class lessons.

This is such a remarkable  
institution ,nurturing not just academic  
excellence but over all well being of each  
student.
